- In all formats, you have: * Full-color icons * Transparent icons * 16×16 pixel (0.75 dpi) icons (in PNG and ICNS formats) * 48×48 pixel (1.5 dpi) icons (in PNG and ICNS formats) * Vector icons (in SVG format) * Background PNG files (.png) • The PNG and ICO format icons are at a resolution of 256×256 pixels • The PNG and ICNS format icons are at a resolution of 128×128 pixels • The SVG format icons are at a resolution of 1024×1024 pixels • The PNG and ICO format icons have an alpha channel. This means that you can choose to have the icon's parts as transparent. The PNG and ICNS format icons have no alpha channel (fully transparent). • If you have to use the icons as web icons, they must have a transparent background. • If you're going to use an icon on a background, the icon is normally required to have an alpha channel (fully transparent). • You must keep the following instruction, with the only exception, which is for the BMP format icon. • If you need to use the icons as web icons, you must use a web-compatible browser (IE6+). • You can download this set of icons for free for a personal and commercial use. • Icons are only for personal use, and can not be used for commercial purposes. • All the icons are in my personal icons collection. • If you need to use them on a project, you must ask for my permission, and write me in order to get my permission. • To get permission, write in my profile that you need my permission. I will then respond. • If you do not get my permission, the icons are not for your use. • You can download this icon set only once and you cannot sell it. • The icons are a free set and free for downloading. • For any purpose, you may sell them only if you don't tell me about that. • You must not change the name and the description of the icons. • You may not sell the PNG, ICO and ICNS format icons. • You may sell the vector icons in the SVG format. • You may sell the 48×48 and 32×32 pixel icons for a price, that is, you may sell the vector icons (SVG format)
