There are three main editions of Sage 50 available - Student Edition, Small Business Edition and Enterprise Edition. The former comes with a maximum

set-up limit of one.Inherent differences in pharmacokinetics of acetylsalicylic acid by administration of a high-dose versus a lowdose acetylsalicylic acid for antiplatelet therapy. Dual antiplatelet therapy (DAPT) is one of the standard of care for the prevention of recurrent ischemic events in patients with recent coronary stent implantation. The aim

of the current study was to evaluate the pharmacokinetics of acetylsalicylic acid (ASA) following administration of a high-dose versus a lowdose ASA for DAPT. In this prospective cohort study, ASA was administered orally twice daily for a period of 14 days in two groups of patients (group A, >70 mg/day; group B, 79a2804d6b
